BEST TALENT IN THE STATE FOR THE CONCERT

Director Joseph Ballantyne of the Ogden Tabernacle choir went to Salt Lake City yesterday on business connected with the recital which the local musical organization will give with Emma Lucy Gates Thursday night. In talking over the program with Miss Gates, he learned that she had secured the services of David Reese, the Provo tenor, and Horace Ensign, the Salt Lake baritone, to assist her and the choir in the presentation of the big "La Traviata" number on Thursday night. "La Traviata" is the familiar story of "Camille" set to music and those familiar with it will doubtless recall the dramatic ending of the second act. The musical setting of the scene calls for solo work for tenor and baritone, in addition to the great aria for the soprano; the madrigal for fourteen mixed voices and the full chorus. The work is extremely difficult and for this reason the securing of Messrs. Reese and Ensign for the tenor and baritone roles will insure a splendid rendition.

H. G. Whitney, who accompanied Miss Gates and party home from Europe, informed Director Ballantyne last night that Prof. Maud May Babcock, ex-Governor Heber M. Wells, and a large party of other prominent citizens of Salt Lake would come to Ogden Thursday, as they desired to hear Miss Gates in the "La Traviata" number. He also stated that in all probability Governor William Spry would be in the party.

After being informed by Miss Gates of the securing of Mr. Reese for the tenor, who has just returned from a highly successful light opera season in the east, and secured his promise to also contribute an additional solo to the program.

This number necessitated several changes in the original program and as rearranged, it will be as follows:

Ogden Tabernacle Choir
a "Bonnie Doon" Old Scotch
b "O Dry Those Tears" Del Rio
c "Echo Song" Echert
Miss Emma Lucy Gates
Violin Obligato, Mercurius Smith
a "The Rosary" Del Rio
b "La Paloma" Echert

Tabernacle Choir
"Shadow Dance" from "Dinorah"
Meyerbeer
Miss Emma Lucy Gates
"The Parting Kiss" Pinsuti

b "Sing Sweet Bird" Ganz
(By request)

First Party of U. P.
GUESTS TAKEN TO
THE CANYON

The visit to Ogden yesterday of the first of thirteen parties of railroad agents and their ladies, the guests of the Union Pacific, who will pass through on their way to the Yellowstone Park within the next month, was pronounced a rare treat by its 61 members and also by the members of the Weber club and local railroad officials who enjoyed their company while here.

The guests arrived in the city at 3:35 p. m. and were taken from the Union depot for a trip through Ogden canyon, fifteen automobiles having been donated by local citizens for that purpose. While in the canyon, the party stopped for nearly an hour at the Hermitage hotel and talked about the beauties of the canyon, which, according to many, was the prettiest spot they had ever seen. The ladies in the party were especially enraptured with the scenery and a close view of the catch of several lucky fishermen also proved of much interest to them.

After about two hours in the canyon, the party returned to the city and all were entertained with a trout and chicken dinner at the Weber club, as guests of the Union Pacific railroad, with the club participating as hosts in the arrangement of flowers on the tables and an exceptionally fine service. Following the dinner, a reception was held in the club rooms until about 8 p. m., when the party left for the Union depot to board the train for the National park.

The entertainment in the city and canyon was looked after by members of the Weber club, with President Joseph Scofield at the head. As an evidence of the happy mood the travelers were in when they left the club, a number of the party joined with the local Woodmen's lodge in its march down Twenty-fifth street.

**NOTICE
KINDLY RETURN:**

The party who carried away a canvassing-sample, case from the counter of "Munsey, Mayflower Cigar Store," at corner of Hudson and 25th will kindly return same to the store or Creston hotel; no question will be asked. The most value of same consisted in the collection of photographs and pictures for use by the owner. To save trouble to the party who took this sample case its prompt return will stop further proceedings for its arrest.—(Advertisement)

ADVENTISTS ARE NOW BUILDING THEIR CHURCH

The Seventh-day Adventists have purchased a lot on Twenty-ninth street, between Washington and Adams avenues. Excavation is now going forward, and it is expected that the forms will be in place ready for the concrete by Thursday.

The building is to be of concrete block and will be 26x44 feet, with a vestibule entrance, and will have three class rooms in the rear. Under the floor of the center class room will be a reinforced concrete baptistry disclosed to view by the opening of paneled doors just back of the pulpit, and will be entered by steps descending to the rooms on either side in such a way that the candidates cannot be seen from the main auditorium until they are fully in the water.

Leading off from each of the side rooms will be a lavatory in which are to be wash basins connected with hot and cold water. The fount will be connected with hot water. There will be a coal and furnace room of concrete under the rear of the building.

A drinking fountain is to be placed in the vestibule.

Elder J. D. Alder, pastor of the church, is an experienced builder and is superintending the work.

WOODMEN OF WORLD INITIATE MANY NEW MEMBERS

Weber Camp No. 74, Woodmen of the World, held a highly successful celebration last night, beginning with a parade at 7:30 p. m. and closing with social talk at a late hour.

The parade formed in front of the Fraternity block on Washington avenue, with the officers of the camp in automobiles at its head, followed in succession by the color bearers, a twelve-piece band, the degree team, the goat, the candidates for initiation, the big axe, the lay members of the camp and the horribles. In all, there was about 200 Woodmen in line.

The line of march was from Fraternity block north to Twenty-second street, thence south to Twenty-fifth street, west to Lincoln avenue and back to the Fraternity block.

The parade attracted considerable attention, and the public was given considerable more amusement by seeing recalcitrant members of the lodge, who were spied on the sidewalks, taken from their wives, sweethearts or male friends, hustled into the auto-patrol by the "specials" and several regular officers of the local police department, and rushed to the Woodmen hall. At the hall, they were tried by a kangaroo court and assessed a small sum of money. In addition to being compelled to stay at the hall the remainder of the evening to enjoy the events that took place behind closed doors.

Owing to the illness of his wife, Head Consul Boak of Denver was unable to be present and telegraphed his regrets to the camp. He was to have been an active figure in the initiation ceremonies, but, in his absence, the work was done by officers of the Ogden camp. Twenty candidates were initiated during the evening and their riding of the goat made much amusement for the members.

Several similar meetings will be held in the near future, to complete the initiation of all the candidates listed.

One of the deposit slips, he stated, was on an Ogden bank and the other on a Denver bank. The Ogden slip was for \$150 and the Denver slip for \$1475, according to his assertion.

**KING GEORGE
PLEADS FOR MAN**

London, June 15.—George Pike, who on June 7 invaded Buckingham Palace and wandered about for several hours in the building, was released today. The defendant gave a bond for his behavior in future.

The leniency shown by the magistrate was due to the intervention of King George, who pleaded that the man should not be punished severely.

**The Golden Rule Is
A Good Rule for the
Dealer to Follow.
Try It.**

WHEN a dealer orders goods from his Jobber by mail or through the Jobber's representative, he expects the Jobber to send the identical article or articles ordered.

SHOULD the Jobber send a "Just as Good," the dealer would quickly return the substitute to the substitutor, and would more than likely get another Jobber to fill his future orders.

THE dealer is right in insisting on getting what he asks for, and, of course, would be justified in changing Jobbers.

PROGRESSIVE dealers believe in the Golden Rule and always give their customers what they

ask for. They realize that the "Good Will" asset of pleased customers builds business. In fact, a satisfied customer is the retailer's best advertisement.

DEALERS should always remember that there is no one thing that will injure them quicker than to have the reputation of being a "Substitutor." It don't pay to have the name of being a "Substitutor."

IT PAYS to always give customers what they ask for. Get the reputation in your community of being a "Get What You Ask For" dealer.
